Re: Reference Regarding Lab Accreditation Consultants, Inc

To Whom It May Concern:

*I have been in Hospital Administration for over 30 years as either a Chief Executive Officer or a Chief Operating Officer. In my previous position at Corona Regional Medical Center, I utilized Lab Accreditation Consultants, Inc., under the direction of Dr. Santi Kommareddi. Our survey was under the College of American Pathologists (CAP). We were under trying times as my very competent Director of Laboratory Services voluntarily elected to step down to a bench Clinical Laboratory Scientist; our tremendous Lab Supervisor of 30 years retired; we had a Corporate directed Lab conversion from Meditech to a very inefficient, chaotic lab system 9 months before survey and lastly one seasoned veteran CLS retired and another was recruited away to a Supervisor position.*

*Dr. Kommareddi herself assessed our compliance to the CAP standards, implemented an LIS manual, provided Policy and Procedures and documents, reviewed our revised Policy and Procedures and worked very closely with myself, our Pathologist and laboratory staff. The outcome was that we had a tremendously successful CAP survey. I attribute our success to Dr. Kommareddi and Lab Accreditation Consultants, Inc. We would not have passed without Lab Accreditation Consultants, Inc. Their JCAHO and CAP knowledge, commitment to success and ability to work with accreditation organizations delineates to my recommendation of them without any reservation.*

Professionally Yours,

**Sidney M. Ono, MBA, MPA, ARM, ABQUARP Diplomate**

Chief Operating Officer
